One Team + One Dream = **FIMS**

LEADERS

LEADERSHIP

Sports medicine is an integral part of sport and a specialty that interconnects with other specialties in medicine. The International Federation of Sports Medicine (FIMS) is the world leader of sports medicine. FIMS has a rich heritage as an organization committed to promoting sports medicine and for the past 75 years, it has accomplished monumental tasks around the world. With 130 national member associations and an affiliated membership of 100,000 sports physicians all over the world, FIMS is the "United Nations" of the international sports medicine community.

World Leader of

Sports Medicine

The global network of FIMS covers five continents with a well-established multi-national continental structure. As a leading organization in international sports medicine, FIMS keeps pace with rapid changes in global environment, mobilizing and coordinating the strength of our members to achieve our goals at all levels: national, regional, continental and global.

FIMS is proud to associate with the leading professionals in medicine and corporate sectors around the world. We are indeed privileged to work with the best of the best. Openness, diversity and fraternity are paramount values guiding our development. We in FIMS work as ONE team and share ONE dream. Our dream is to promote sports medicine to every corner of the world. United as ONE, there is nothing we cannot achieve. Together, we pursue excellence and breakthroughs in sports medicine.

LEADERS

ENTREPRENEURSHIP

FIMS takes pride in partnering with market leaders in synergising entrepreneurial spirit. Corporate – FIMS cooperation platform is generating numerous market opportunities. Our philosophy is to create a win-win environment where both FIMS and its corporate partners may share the success of our joint venture.

With our worldwide professional network, corporate partners of FIMS enjoy easy access to emerging markets worldwide. With a strong grasp of the latest development in sports medicine, navigating the market is a walk in the park.

The Corporate Advisory Board of FIMS is established to serve as a liaison to the corporate community to exchange views and formulate perspective on global scale.

LEADERS

ADVANCEMENT

Our tradition for excellence in sports medicine and promotion of health is reflected in our track record in themed subjects such as Sports and Children, Active Ageing and Team Physician Training.

It is our mission to assist athletes in achieving optimal performance by maximizing their potential with high-quality medical care and training. Promotion of public health is also at the top of our agenda.

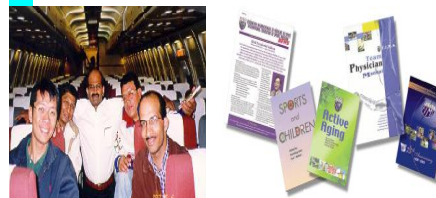

We shall form our strategy of the new millennium. Together, let us climb the Everest of Sports Medicine.

LEADERS

DIVERSITY

FIMS is renowned for its diverse talents and expertise. Our multi-disciplinary consortium of expertise covers the various disciplines of sports medicine and sports science. Academic and clinical research materials from leading international institutions are published regularly in the forms of newsletters, monographs, course textbooks and e-journals. An extensive and comprehensive market platform of a huge variety of products is under intensive development.

LEADERS

EDUCATION

FIMS has always been the fountain of knowledge and innovation in sports medicine. Only through continuous education, training and professional development could an international organization like FIMS reach new heights. Through our Team Physician Development Courses and Intercontinental Traveling Fellowship Programme, the world of sports medicine has become a united global village. Run regularly at both continental and regional levels, the Courses are active means of learning, consisting of interactive components such as hands-on workshops and discussion seminars. The mission of the Intercontinental Traveling Fellowship Programme is to provide sports medicine professionals with opportunities to develop an informed perspective on sports medicine through scientific, social and cultural exchanges, and simultaneously expand the art and science of sports medicine for personal and social enrichment.

LEADERS

RESEARCH & DEVELOPMENT

FIMS has access to the best R & D resources in the world. The state-of-the-art technology at our Collaborating Centers of Excellence in Sports Medicine facilitates high quality scientific studies. The market potential of these research output is recognized worldwide.

LEADERS

SPORTS MEDICINE

Facing the ever-changing aspirations and expectations of the community in this era of globalization, sports medicine has taken on a new dimension of development on the international scene.

Sports medicine today is closely connected with community life, the economic environment and social health. Support from business groups and social organizations is instrumental in the quest of promoting sports medicine. FIMS is actively seeking for corporate partners. Innovation has no boundary.

Let us build a global partnership and discover new horizons in sports medicine!!
